Atlanta, GA 30309

Mr. Jason Adams
President
Sinclair Construction Group
200 Cobb Parkway North, Bldg 400 Suite 410
Marietta, GA 30062

To Whom It May Concern:

I am writing to whole heartedly endorse Sinclair Construction Group (SCG). SCG approaches each project with great professionalism and leadership. It is that leadership and attention to detail that keeps SCG providing a quality product that is second to none.

New South Construction (NSC) was introduced to SCG on a recent renovation project at Coca Cola's Corporate Headquarters' in Atlanta. That project included many challenges that required work to be completed both day and night. SCG was instrumental in providing essential planning and cost saving value engineering that aided in the project's successful completion. More recently, SCG provided their services on a big project at Atlanta's Hartsfield International Airport. Unlike most projects where construction is separated from the General Public, this project was located right in the middle of the Delta Air Lines busiest concourse in the world. SCG tackled this very difficult project with a positive attitude and a continued determination that allowed NSC to complete the project as scheduled.

I'm convinced SCG will be as great an asset to your company as they have been to ours. They have and continue to impress NSC with their ability think outside the box. Please feel free to contact me if you'd like any additional information.

Sincerely,

New South Construction
Senior Project Manager
